⊖ **NET PRICE**

AVERAGE NET PRICE IN THE LARGEST PROGRAM FOR FULL-TIME BEGINNING STUDENTS

LARGEST PROGRAM	PROGRAM LENGTH	ACADEMIC YEAR LENGTH
Medical Insurance Specialist/Medical Biller	1,500 clock hours	900 clock hours

Full-time beginning undergraduate students who were awarded grant or scholarship aid from federal, state or local governments, or the institution.

	2018-2019	2019-2020	2020-2021
Average net price	$7,353	$9,300	$11,932

Full-time beginning undergraduate students who were awarded Title IV aid by income.

AVERAGE NET PRICE BY INCOME	2018-2019	2019-2020	2020-2021
$0 – $30,000	$7,606	$7,073	$10,412
$30,001 – $48,000	$9,726	$8,837	$13,281
$48,001 – $75,000	—	—	—
$75,001 – $110,000	—	—	—
$110,001 and more	—	—	—

- Average net price is generated by subtracting the average amount of federal, state/local government, or institutional grant or scholarship aid from the total cost of attendance for the institution's largest program. Total cost of attendance is the sum of published tuition and required fees, books and supplies, and the weighted average for room and board and other expenses for the institutions largest program. If the total length of program is greater than the academic year length, the total cost of attendance is adjusted for the academic year and the average net price is for the academic year. For programs that are less than the academic year length, the total cost of attendance and the average net price are for the entire length of the program.
- Beginning students are those who are entering postsecondary education for the first time.

Federal Work-Study, Federal Perkins Loan, Subsidized Direct or FFEL Stafford Loan, and Unsubsidized Direct or FFEL Stafford Loan. For those Title IV recipients, net price is reported by income category and includes students who received federal aid even if none of that aid was provided in the form of grants. While Title IV status defines the cohort of student for which the data are reported, the definition of net price remains the same – total cost of attendance minus grant aid.

NET PRICE CALCULATOR

An institution's net price calculator allows current and prospective students, families, and other consumers to estimate the net price of attending that institution for a particular student.

77%
Percentage of Students Who Began Their Studies in Fall 2020 and Returned in Fall 2021

OVERALL GRADUATION RATE AND TRANSFER-OUT RATE

The overall graduation rate is also known as the "Student Right to Know" or IPEDS graduation rate. It tracks the progress of students who began their studies as **full-time, first-time degree- or certificate-seeking students** to see if they complete a degree or other award such as a certificate within 150% of "normal time" for completing the program in which they are enrolled.

Some institutions also report a transfer-out rate, which is the percentage of the full-time, first-time students who transferred to another institution.

Note that not all students at the institution are tracked for these rates. Students who have already attended another postsecondary institution, or who began their studies on a part-time basis, are not tracked for this rate.

OVERALL GRADUATION AND TRANSFER-OUT RATES FOR STUDENTS WHO BEGAN THEIR STUDIES IN 2018-19
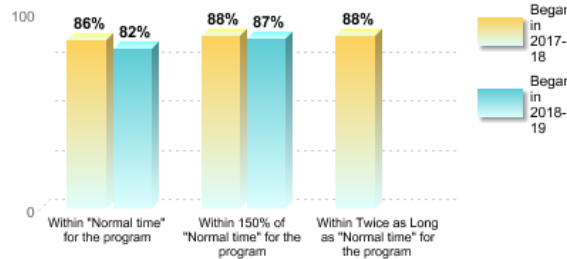

87%

Overall graduation rate   (*) Transfer-out rate
Percentage of Full-time, First-Time Students Who Graduated or Transferred Out Within 150% of "Normal Time" to Completion for Their Program

- (*) Not all institutions report transfer-out rates.

GRADUATION RATES BY TIME TO COMPLETION

Graduation rates can be measured over different lengths of time. "Normal time" is the typical amount of time it takes full-time students to complete their program. For example, the "normal" amount of time for many associate's degree programs is 2 years. Not all students complete within the normal time, so graduation rates are measured by other lengths of time as well, including "150% of normal time" (e.g., 3 years for a 2-year program) and "200% of normal time," or twice as long as the normal time (e.g., 4 years for a 2-year program).
